

THE
Little Car
COMPANY

COLOURING COMPETITION

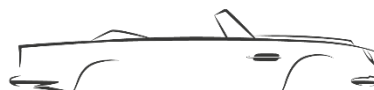

We understand that in these challenging times it can be tough finding something to keep the children or grandchildren entertained whilst social distancing or self-isolating at home, so we have created a fun colouring book to help.

Perfect for getting the little ones away from screen and allowing them to channel their inner artists by designing a unique colour scheme for our little cars, all they need are some colouring pencils or crayons, plus a sprinkle of imagination!

Simply print out this PDF and encourage them to be creative as they like!

We'd love to see what they come up with, so please send us your favourite designs and **our favourite will win a framed render of their design, created by our very own car designer.**

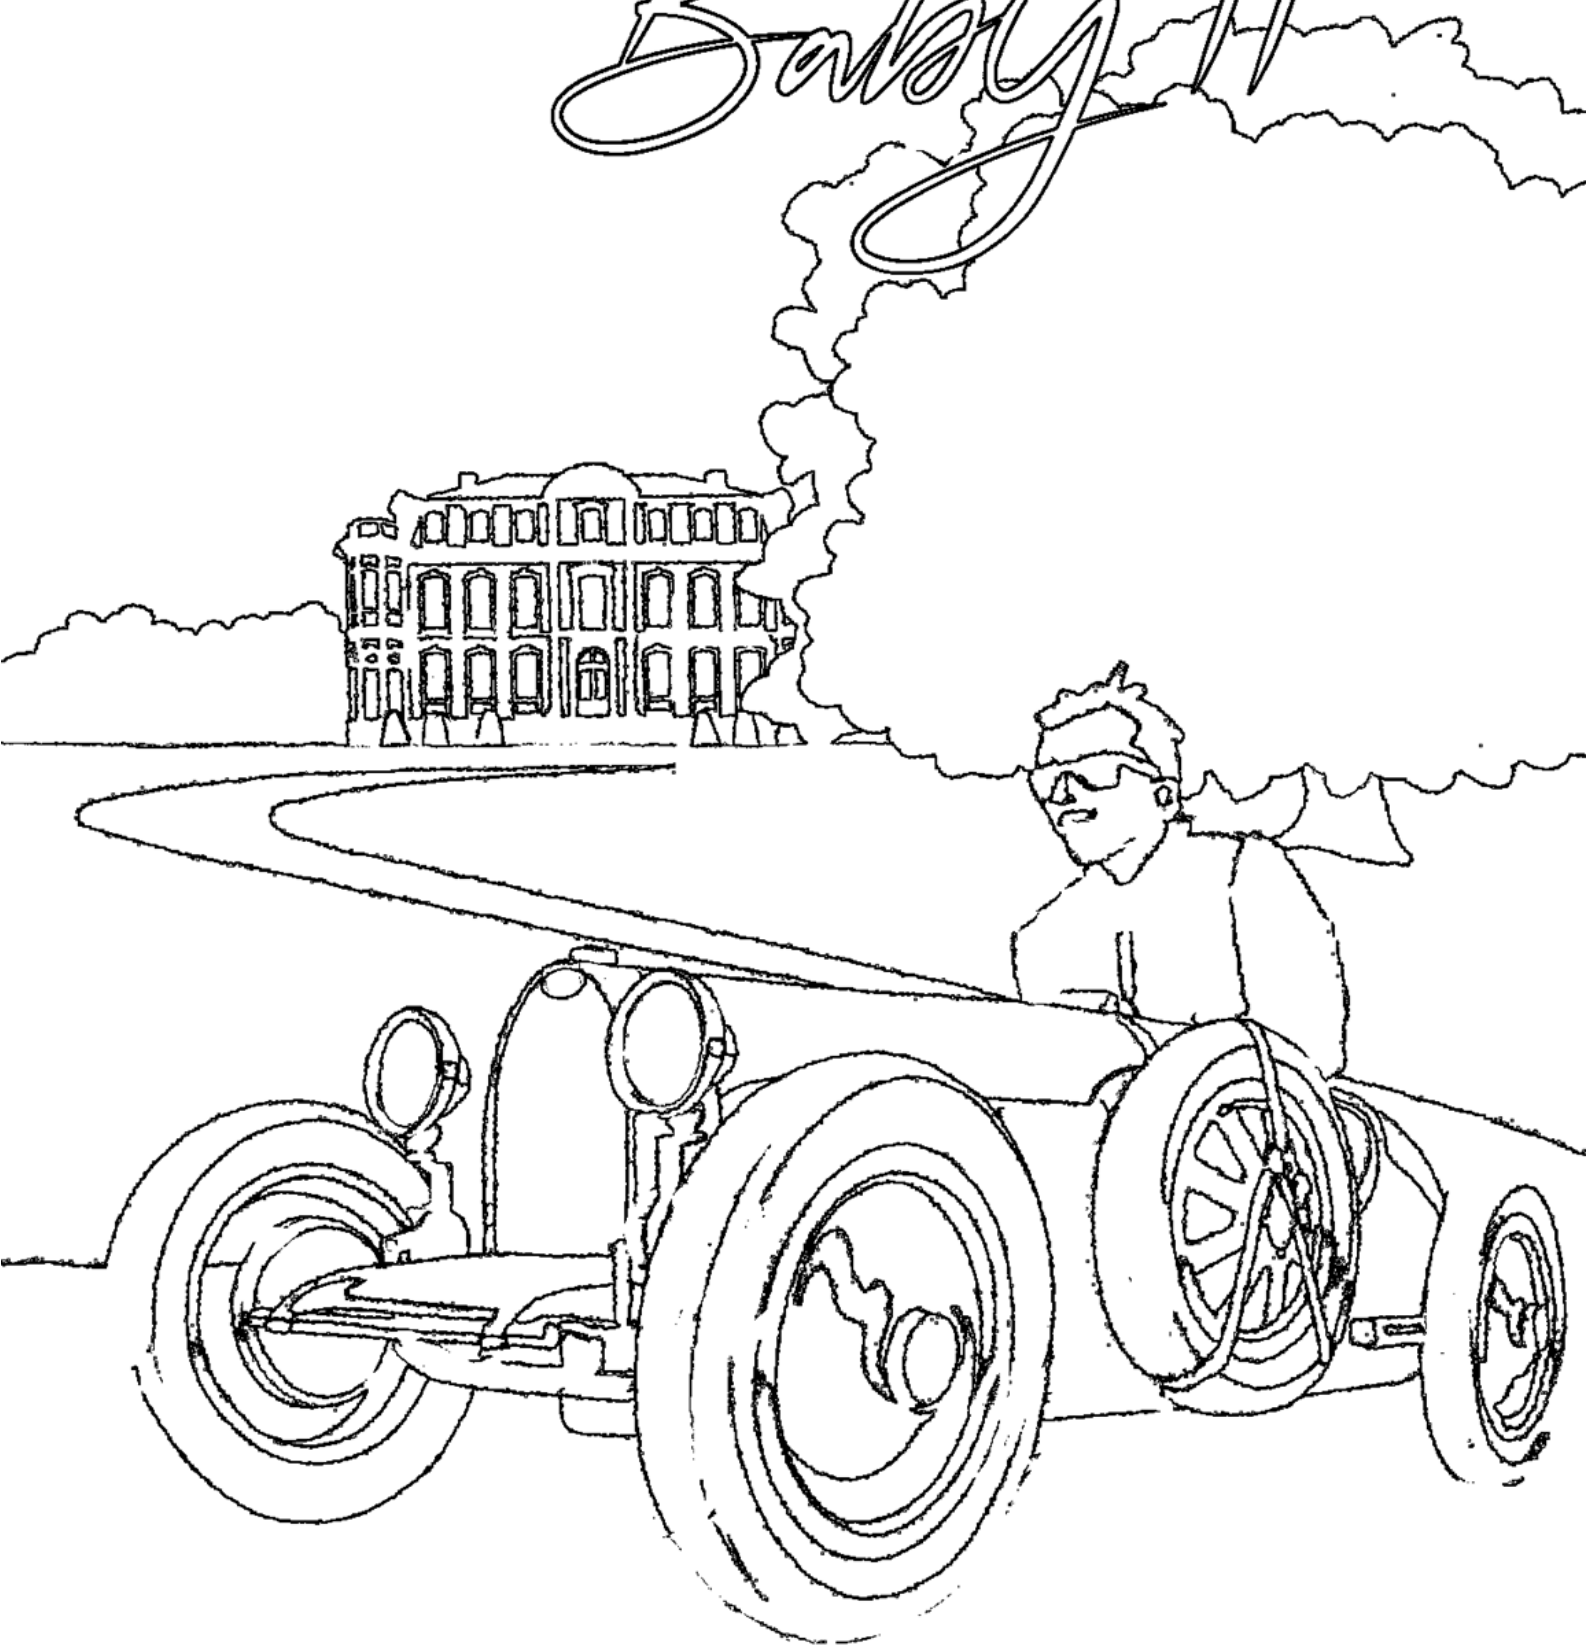

STAY SAFE & HAPPY COLOURING
